At MedOfficePro, each provider has the ability to choose whether to utilize MedOfficePro's Internal or External dictation solutions! It is the **PROVIDER'S** choice!

## INTERNAL

Allows physicians to document right from the patient's open encounter within athenaClinicals®

### DICTATION IS AS EASY AS 1-2-3

1. Open the patient encounter
2. Click on the microphone icon and dictate in the desired sections
3. Hit "Send"

## EXTENDED

Allows physicians to utilize MedOfficePro's goDictate app that interfaces directly with athenaClinicals® allowing physicians to view their schedule in real-time, dictate and submit all on one device

### FOLLOW THESE THREE SIMPLE STEPS

1. Open the goDictate app on your iPhone or iPad
2. Choose a patient and begin dictating
3. Hit "Submit"

goDictate!

With both solutions, just sit back and let MedOfficePro do the rest!
